27	28	29	30	31		

- Monday SBCs in session
- Tuesday SBCs in session
- Wednesday SBCs in session
- Thursday SBCs in session

* During the Open Study time, students can work on any of the core academic subjects, make up content for Summer Booster Classes they missed during the week, complete additional practice assigned during their classes, or work on summer assignments under the guidance of our expert instructors.

** Students who are enrolled in Accelerated Algebra I should register for both Algebra I and Geometry Summer Booster Courses. Students that are enrolled in Accelerated Geometry should register for both Geometry and Algebra II Summer Booster Courses.

*** The Reading/Writing Summer Booster Course will engage students' critical thinking skills and writing abilities as they read a variety of short stories, engage in thought-provoking discussion, and practice writing a variety of essay types to prepare them for English/Language Arts requirements in middle school and high school.
